Target Market Description for Financial Instruments

When manufacturing or distributing financial instruments falling within the scope of MiFID II, Dukascopy Europe IBS AS (registration number 40003344762) has certain product governance obligations arising from MiFID II Regulations, which are comprised of the Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments (MiFID II Directive) and Commission Delegated Directive (EU) 2017/593 of 7 April 2016 supplementing the MiFID II Directive.

Important: This material is for general information only. The provision of target market data does not include and does not constitute marketing, personal recommendation, investment advice or any other form of recommendation regarding financial instruments.

Dukascopy Europe IBS AS has conducted an assessment to identify the types of clients for whom the instrument it distributes is suitable. Below is the typology of criteria used to identify the target market and distribution channels for CFD instruments.

The criteria typology was formulated making reference to the ESMA Guidelines on MiFID II product governance requirements (ESMA35-43-3448) and the European MiFID Template (EMT) created by the Financial Data Exchange (www.findatex.eu). Adjustments were made to account for the specifics of the financial instrument being distributed.
